

Your roadmap to treatment with Adbry

Now that you've been prescribed Adbry, you may have questions about what comes next. Get familiar with the steps after initiating treatment with your healthcare professional.

1 Getting Started

2 Evaluating Financial Support Options

3 Receiving Adbry

4 Setting Your Treatment Routine

5 Staying on Track with Treatment

Please see Indication and Important Safety Information throughout the Adbry Treatment Brochure and the Full Prescribing Information, Patient Information, and Instructions for Use in the pocket of the Adbry Treatment Brochure.

Dosing

Initial Loading Dose:
600 mg

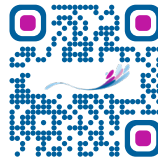

Maintenance Dose:
300 mg

On the first day of treatment with Adbry, your healthcare professional will give you your initial (or loading) dose of 4 injections. This dose helps to start the building up of the medicine in your body. Then you will give yourself 2 injections every other week, making sure you rotate injection sites. Talk to your healthcare professional if you have any questions.

Injection 150 mg/mL

Step by step with Adbry® (tralokinumab-ldrm)

1 Getting Started

- ▶ With your healthcare professional, review your treatment plan, schedule your initial loading dose (4 injections), and discuss when you may start to see results with Adbry.

Join the Adbry® Advocate™ Program

- ▶ Together, you and your healthcare professional should complete and submit the following:
 - A patient authorization form
 - An enrollment form or e-prescribe
- ▶ Your dedicated Nurse Advocate will welcome you to the program within 2 business days of your enrollment.

- ▶ Scan to add your Nurse Advocate's phone number to your mobile contacts.
844-MY-ADBRY (844-692-3279)

2 Evaluating Financial Support Options

- ▶ Your dedicated Nurse Advocate will conduct an insurance benefits investigation to determine your eligibility* and provide additional resources to support you throughout your journey. If you qualify, you may take advantage of the following savings programs:

- Adbry® Rapid Access™ Program^{a,b,c}
- Adbry® Bridge Care™ Program^{b,c}
- Adbry® Patient Assistance Program^{b,d}
- Adbry® Copay[†] Program^{b,c}

Restrictions apply.^{a-d*†}

- ▶ Scan to sign up for and download the Adbry Copay[†] Card.

Learn more about these programs at www.ADBRY.com

3 Receiving Adbry

- ▶ Keep in mind that Adbry is a biologic injection that requires special shipping and handling, including refrigeration, by a specialty pharmacy.

If insurance coverage is denied, you will be re-evaluated for financial support, and your Nurse Advocate will keep you informed during the insurance appeals process. If you qualify for the Adbry® Bridge Care™ Program, you may continue to receive Adbry until your insurance coverage has been approved.

When insurance coverage is approved, your Nurse Advocate will help you connect with the specialty pharmacy designated for your prescription.

- ▶ Your specialty pharmacy will call to coordinate your shipment. If your pharmacy has not reached out, call the number provided by your Nurse Advocate to schedule your shipment.

4 Setting Your Treatment Routine

- ▶ Schedule your maintenance dose refills in advance with your specialty pharmacy to ensure your deliveries arrive on time.
- ▶ Set up regular touchpoints with your Nurse Advocate to help you along your treatment journey.

Adbry Digital Companion

- ▶ Scan to download the mobile app, which allows you to create refill and appointment reminders, take and store photos to share with your healthcare professional, and access educational resources.

5 Staying on Track with Treatment

- ▶ It's important to take note of how you're responding to treatment to inform your healthcare professional of your overall progress during your follow-up appointments.
- ▶ Remember, every patient is different, but your healthcare professional can help you understand your individual treatment goals.
- ▶ Remember to continue taking Adbry as prescribed and make a list of any questions to discuss during your next appointment.

^aThe initial dose of Adbry may be shipped either to your home or your healthcare provider's office after submission of a completed Enrollment and Prescription Form or annual Healthcare Provider eRx Program Certification Form, as applicable, and Patient Authorization. A Nurse Advocate must coordinate shipment to a patient, which may extend delivery time. Patients who have been initiated on therapy with samples are not eligible for Rapid Access™ Product.

^bAdditional terms, conditions, and eligibility rules apply. Enrollment in Adbry® Advocate™ is not required to obtain copay support. For all other patient support programs, enrollment in Adbry® Advocate™ is required. Patient or healthcare provider may not seek reimbursement for the benefit received from any party. LEO Pharma reserves the right to rescind, revoke, or amend the Program and discontinue support at any time without notice.

^cPatient is not eligible for the Program if enrolled in any federally or state funded health care program, including but not limited to Medicare (including Medicare Part D), Medicaid, VA, DOD, TRICARE or CHIP.

^dIncome eligibility requirements apply. Patient may be required to submit documentation of income and insurance coverage status.

* Restrictions apply. See full terms, conditions, and eligibility criteria at www.ADBRY.com/terms-conditions.

[†]Program has an annual cap. Program may not be combined with any third-party rebate, coupon or offer.
